Congratulations on your recent graduation from pharmacy school, and welcome to the profession! The next few years will bring many changes as you transition from student to pharmacist. Some of these changes will be blessings, like no more daily exam preparation, making money, and more time for non-pharmacy endeavors. Others will not be as fun, like increased responsibility, loan repayment, and corporate or agency restrictions and pressures. Whether you are moving straight into a pharmacy practice or going into a residency, fellowship, or other advanced training program, your days as a traditional student are likely finished.

The challenges you will face as a new practitioner will often be similar to those of a student pharmacist. The Tennessee Pharmacists Association (TPA) is excited to have you as part of this profession and would be happy to help ease your transition and increase your chances of success and professional satisfaction as a pharmacist. Here's how TPA can help:

- **From mastering concepts for exams to continuing education**
  The medications and guidelines used to prevent and treat diseases change on a daily basis. One of the biggest challenges in pharmacy practice is keeping up-to-date as new drugs and recommendations are released. TPA offers a variety of continuing education programs throughout the year that keep members informed of changes in the profession. TPA also provides certificate training programs to advance clinical expertise in the areas of diabetes management, immunizations, medication therapy management, and more.
- **From following a pre-determined curriculum to creating your own practice niche**
  As the scope of pharmacy education and team-based patient care continue to evolve, our profession must deviate from the traditional role of pharmacists as dispensers and utilize our full range of expertise. TPA is actively pursuing innovative pharmacy practice models through grant programs with insurers, state and federal agencies, and other patient care organizations. This is where you come in! TPA needs your help in utilizing your knowledge and skills to participate in, deliver, and lead the charge with regard to innovative models for pharmacist-provided patient care.
- **From inter-professional education to inter-professional collaboration**
  TPA serves as your voice in promoting the role of pharmacists in all areas of the healthcare system to other health care professional organizations. These relationships are your opportunities to integrate and participate as providers on health care teams through collaborative pharmacy practice and other emerging patient care models.
- **From socializing with classmates to networking with colleagues**
  As the saying goes, it's all about who you know. Your experiences will differ greatly from those of your peers. TPA provides several opportunities throughout the year for pharmacists and pharmacy professionals to share ideas and meet new mentors. Whether you prefer to attend live meetings, serve on committees and work groups, or join in the discussion through an online forum, Tennessee is home to some of the greatest pioneers in the pharmacy world! TPA enables all of us to learn together and benefit from our peers' knowledge and experience.

In closing, I want to personally thank you for your membership and encourage you to stay involved as you move ahead in your professional career. TPA is strong because of you, and we need your innovation, creativity, and determination to move the profession of pharmacy forward!

TPA's MISSION

The Tennessee Pharmacists Association advances, protects, and promotes high-quality pharmacist-provided patient care in Tennessee.

TPA STRATEGIC PLAN

Pharmacy Advocacy

Tennessee pharmacy professionals improve the quality of care for all patients by establishing productive relationships with key individuals, organizations, and healthcare partners to advocate laws, regulations, programs, and policies.

Individual Connection

Tennessee pharmacists are actively engaged in advancing the practice of pharmacy through participation in their state pharmacy association.

Practice Innovation

Tennessee pharmacists advance patient care through initiatives that establish pharmacists as essential providers in the evolving healthcare landscape.

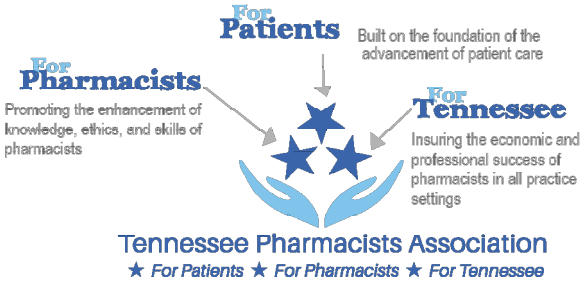
Professional Development

The Tennessee Pharmacists Association supports the maintenance and enhancement of the competency and visibility of pharmacy professionals in Tennessee.

Organizational Effectiveness

The Tennessee Pharmacists Association is a financially sound organization working at maximum efficiency to attain association goals.

TPA LOGO AND VISION

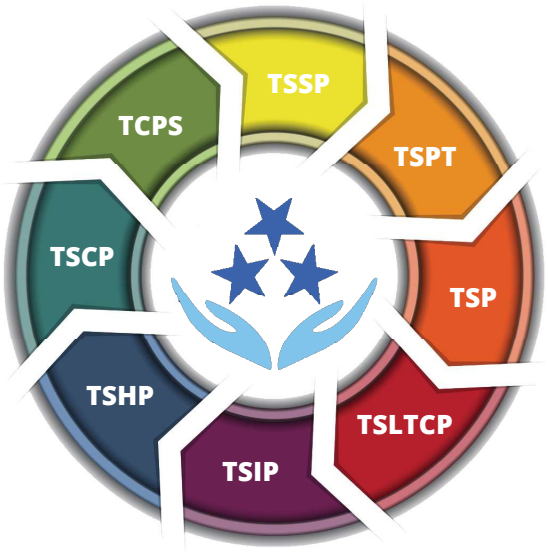


The Tennessee Pharmacists Association (TPA) is the only membership organization serving all pharmacy professionals, student pharmacists, and pharmacy technicians in Tennessee, in all practice categories across the state. No doubt about it, our unified voice for pharmacy and patients is loud, strong, and effective. The association's office, located in downtown Nashville, TN, hosts a small staff that works around the clock to keep the association running. However, it's our members who drive the association, advocate for the profession, and build membership at the grassroots level.

TPA Membership Practice Societies

TPA has a long tradition of meeting the needs of specific member groups—the TPA societies:

Tennessee Compounding Pharmacists Society (TCPS)
Tennessee Society of Chain Pharmacists (TSCP)
Tennessee Society of Health-System Pharmacists (TSHP)
Tennessee Society of Independent Pharmacists (TSIP)
Tennessee Society of Long-Term Care Pharmacists (TSLTCP)
Tennessee Society of Pharmacists (TSP)
Tennessee Society of Pharmacy Technicians (TSPT)
Tennessee Society of Student Pharmacists (TSSP)



Pharmacists' choice of societies is included in TPA membership. Interested in more than one society? No problem! Pharmacists are welcome to join two, three, or more societies for an additional $40 each.

Each TPA society has its own activities, goals, elected leadership, web presence, and online forum to address the specific needs of its members. For more information about each society, visit www.tnpharm.org/member-center.

1. HOW DO I APPLY FOR MY INITIAL TENNESSEE PHARMACIST LICENSE?

The following materials should be sent to the Tennessee Board of Pharmacy:
Office of Health Related Boards
Tennessee Board of Pharmacy
665 Mainstream Drive
Nashville, TN 37243

1. Initial Application

- Go to **https://tn.gov/assets/entities/health/attachments/9901PharmacistNaplexApplication19-13.pdf** to download your application, OR click the image to the right.
- Make sure that your application is signed and notarized before it is submitted.
- It is important to note that, in the VIOLATIONS section, all felonies and misdemeanors (except minor traffic offenses) should be included, even if the record was expunged. Failure to fill out this section appropriately could result in a delay of your application approval.

APPLICATION FOR PHARMACIST EXAMINATION

Prior to being admitted to the NAPLEX® examination, applicants for licensure as a pharmacist must meet all preliminary requirements. All required documentation must be filed with the Board in accordance with the rules and regulations.

1. All application fees are non-refundable.
2. Applicants must be at least 21 years of age, and be a graduate of an accredited college of pharmacy. The Tennessee Board of Pharmacy interprets the term "graduated" to mean that the student has completed the actual graduation process and has received a diploma.
3. A minimum of 1,700 (seventeen hundred) pharmaceutical internship hours are required for licensure. Applicants must submit affidavits attesting to internship hours acquired in Tennessee with the application. Out of state applicants applying by examination/score transfer must have their State Board of Pharmacy certify the number of internship acquired directly to the Tennessee Board of Pharmacy.
4. You must write your social security number on the application for it to be complete. State law requires social security numbers on this application. TCA § 36-5-1301(a), as authorized by 42 U.S.C. § 405(c)(2)(C)(i). The number will be used to verify your identity and for any other purpose allowed by state or federal law.
5. All documentation and fees are required to be submitted by you, or which must be requested from the appropriate institutions or state board of pharmacies in the application process, must be mailed directly to
Tennessee Board of Pharmacy
665 Mainstream Drive
Nashville, TN 37243
6. Allow fourteen (14) working days for information mailed to our Office to be received and placed in your file. Federal Express or special courier services will not reduce the processing time. Additionally, if Federal Express or special courier services are used, you will be responsible for charges incurred.

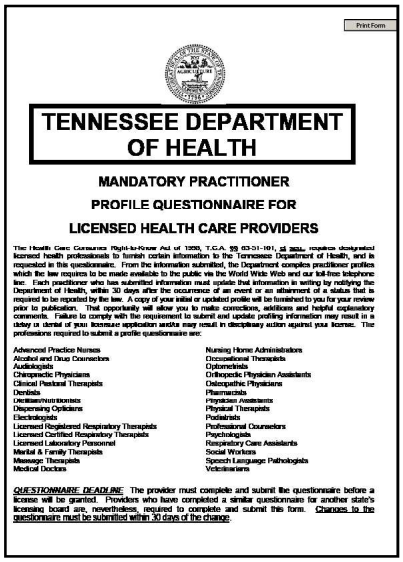
5. Mandatory Practitioner Profile Questionnaire for Licensed Health Care Providers



Print Form

TENNESSEE DEPARTMENT OF HEALTH

MANDATORY PRACTITIONER PROFILE QUESTIONNAIRE FOR LICENSED HEALTH CARE PROVIDERS

The Health Care Consumer Right-to-Know Act of 1998, T.C.A. §§ 63-51-101, et seq., requires designated licensed health professionals to furnish certain information to the Tennessee Department of Health, and is requested in this questionnaire. From the information submitted, the Department compiles practitioner profiles which the law requires to be made available to the public via the World Wide Web and our toll-free telephone line. Each practitioner who has submitted information must update that information in writing by notifying the Department of Health, within 30 days after the occurrence of an event or an attainment of a status that is required to be reported by the law. A copy of your initial or updated profile will be furnished to you for your review prior to publication. That opportunity will allow you to make corrections, additions and helpful explanatory comments. Failure to comply with the requirement to submit and update profiling information may result in a delay in denial of your licensure application and/or may result in disciplinary action against your license. The professions required to submit a profile questionnaire are:

Advanced Practice Nurses
Alcohol and Drug Counselors
Audiologists
Chiropractic Physicians
Clinical Perfusionists
Dentists
Dietitians/Nutritionists
Dispensing Opticians
Electrologists
Licensed Registered Respiratory Therapists
Licensed Certified Respiratory Therapists
Licensed Laboratory Personnel
Marital & Family Therapists
Massage Therapists
Medical Doctors
Nursing Home Administrators
Occupational Therapists
Optometrists
Orthopedic Physician Assistants
Osteopathic Physicians
Pharmacists
Physician Assistants
Physical Therapists
Podiatrists
Professional Counselors
Psychologists
Respiratory Care Assistants
Social Workers
Speech Language Pathologists
Veterinarians

QUESTIONNAIRE DEADLINE: The provider must complete and submit the questionnaire before a license will be granted. Providers who have completed a similar questionnaire for another state's licensing board are, nevertheless, required to complete and submit this form. Changes to the questionnaire must be submitted within 30 days of the change.

- Download the questionnaire by clicking on the image to the right, or go to: **http://tn.gov/assets/entities/health/attachments/PH-3585.pdf**

- **Throughout your career, changes to your questionnaire answers must be submitted to the Board of Pharmacy within 30 days of change. This includes change of employer or change of pharmacy site within a company. Failure to do so may subject you to disciplinary action.**

- Upon graduation, your pharmacy school/college will fill out and return the 'College Certification' to the Board of Pharmacy. If you are an out of state graduate, make sure that you inform your college of your desire to become licensed in Tennessee.

- Internship Hours
  - A minimum of 1,700 internship hours are required for licensure in Tennessee. All of these hours can be done within your school or college of pharmacy. Upon graduation, the school or college will verify these hours and send them directly to the Tennessee Board of Pharmacy. In most cases, this will be done automatically.
  - If you plan to become licensed in a state other than Tennessee, you can find the internship affidavit form here: **http://tn.gov/assets/entities/health/attachments/PH-4027.pdf**. This form must be notarized.

- A criminal background check must also be completed.
  - Visit **http://www.identogo.com/FP/Tennessee.aspx**
  - Select 'Online Scheduling'
  - Select your language preference and enter your first and last names as they will appear on your license
  - For agency name, select 'Department of Health Licensure and Regulation'
  - For application type, select 'Bureau of Health Licensure'
  - The OCA Number for the Board of Pharmacy is '9901'
  - Verify that you are fingerprinting for a 'Pharmacist' license
  - Please select which location and time you would prefer to be fingerprinted, and enter the requested information, in order to set an appointment. You will need a valid (not expired) state-issued driver's license when fingerprinted. If you do not have a state-issued driver's license, check with the fingerprinting location to see what other identification is accepted.
  - The cost for the background check varies by location, but is typically around $40.

Note: Out-of-state applicants must first submit an application to the Tennessee Board of Pharmacy's office, and a fingerprint card will then be mailed to you.

  - Additional instructions can be found **here: http://tn.gov/health/article/CBC-instructions**

2. WHAT SHOULD I KNOW ABOUT REGISTERING FOR THE NAPLEX AND MPJE?

1. The NAPLEX costs $575 and the MPJE costs $250 for each state.

2. When registering for the NAPLEX or MPJE, it is extremely important that the name on both your primary and secondary forms of ID matches the name that you use during registration. Reference the two IDs you will use at the testing center, when creating your e-Profile to register. When you receive your authorization to test (ATT), you must verify that your name matches what is on your primary and secondary IDs.

3. If the name on both your primary and secondary IDs does not match the name on your ATT, you must send the appropriate documentation to the National Association of Boards of Pharmacy (NABP) to update your registration at least five business days prior to the date of the scheduled examination. This information should be sent to NABP Customer Service via email at **custserv@nabp.net**.

4. The chart to the right contains examples of acceptable and unacceptable combinations.

5. For more information on the NAPLEX or MPJE, view NABP's Candidate Registration Bulletin: **CLICK HERE** or visit **https://nabp.pharmacy/wp-content/uploads/2017/03/NAPLEX_MPJE_Bulletin_3-3-17.pdf**

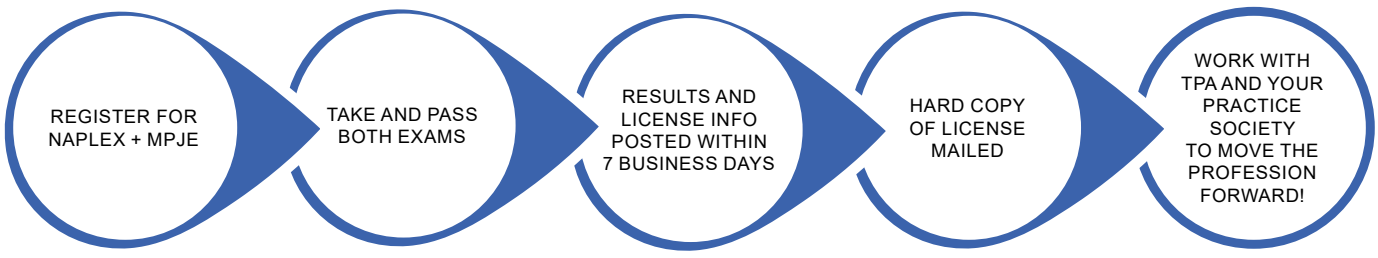
3. I PASSED THE NAPLEX AND MPJE FOR TENNESSEE, NOW HOW DO I GET MY LICENSE?

1. Your license will be granted **within 7 business days** of passing both exams.

2. After the Board of Pharmacy director's approval, a hard copy of your license will generally **take 10-14 days** to be mailed to the address listed on your application.

3. To check the status of your license, **CLICK HERE** or visit **https://apps.health.tn.gov/licensure/**

TIMELINE:



4. HOW DO I REGISTER FOR THE CONTROLLED SUBSTANCE MONITORING DATABASE (CSMD)?

Once you have received your license number from the Tennessee Board of Pharmacy, you are then able to register for the CSMD. It is important that you register to use the CSMD before your first shift as a pharmacist, so that you are prepared to fill prescriptions for controlled substances.

1. Visit **www.TNCSMD.com**

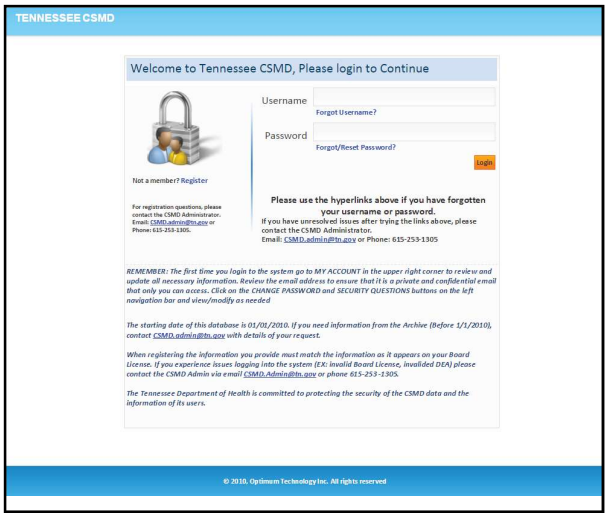
2. Click “Register” under the picture of the lock on the left hand side

3. Select “Pharmacist” as your job on the next screen

4. Select “Yes” when asked ‘Do you have a Professional/ Board License Number?’

5. Fill out your demographic information (Note: you will need your driver’s license number)

6. Make sure the “I certify...” box is checked at the bottom left of the page, and click “Register”



Note: When you log into the system, you can access MY ACCOUNT in the upper right corner to review and update all necessary information. It is important to review this information to make sure that it is accurate. Each pharmacist may also have two ‘extenders’ registered under them, in order for others to have the ability to check the database.

You may reference **https://www.tn.gov/health/article/CSMD-faq** for more information.

5. WHAT IS THE TENNESSEE IMMUNIZATION INFORMATION SYSTEM (TennIIS) AND HOW DO I ACCESS IT?

TennIIS is a statewide Immunization Information System (IIS) developed by the Department of Health to be a single source of immunization records for Tennessee residents of all ages. It serves as an electronic resource for medical professionals, pharmacists, and school officials that streamlines the process of recording and retrieving immunization records from the Tennessee Department of Health. TennIIS also has the Immunization Certificate Validation Tool (ICVT) functionality. All users, including pharmacists and school users, can produce validated complete Official Immunization Certificates (or failed validation reports showing missing or invalid doses) for school or child care entry requirements. Qualified users also may produce blank or pre-populated incomplete certificates for signature.

For more information about this system, and to become a registered user, **CLICK HERE** or visit **https://www.tennesseeiis.gov/tnsiis/main.jsp**.

6. WHAT DO I NEED TO KNOW ABOUT THE PROFESSIONAL PRIVILEGE TAX?

The professional privilege tax is a tax required to be paid by June 1 of every year. The $400 tax can be paid by visiting **http://www.tn.gov/revenue/article/professional-privilege-tax-file-and-pay**. **If you become licensed on or before June 1 the year you graduate, you will be responsible for that year's professional privilege tax**. It will be your responsibility to remember to pay the tax, as no billing mechanism or reminder is typically sent.

7. HOW MANY HOURS OF CONTINUING EDUCATION (CE) DO I NEED? HOW DO I LOG THESE HOURS?

- Every two years, your pharmacist license will need to be renewed. The State of Tennessee requires 30 hours of continuing pharmacy education during each two year renewal cycle. The required 30 hours must consist of at least 15 hours obtained through live contact programs.
- In order to fulfill the 15 live contact hour requirement, a pharmacist may obtain the hours from a program designated as "live" by the ACPE-approved provider. A program may also be approved by the Board prior to the expiration of your license.
- These credit hours will be logged under your NABP account. Your NABP number must be entered to receive credit. This is the same account used to register for the NAPLEX and MPJE.

Note: If you are completing a residency or fellowship at any point during your 2-year renewal cycle, your continuing education requirements may be waived.

8. HOW DO I OBTAIN A NATIONAL PROVIDER IDENTIFIER (NPI) NUMBER?

TPA advises all pharmacists to obtain personal NPI numbers upon licensure. As the practice of pharmacy continues to evolve, pharmacists will increasingly utilize NPI numbers to bill for services provided.

1. Create a login through the Identity & Access Management System (I&A)

- **https://nppes.cms.hhs.gov/IAWeb/warning.do?fwdurl=/register/startRegistration.do**

2.Visit the National Plan and Provider Enumeration System (NPPES)

- **https://nppes.cms.hhs.gov/NPPES/Welcome.do**

3. 'Manage or Apply for your personal NPI Record' on the lower left of the screen using the login you created on I&A

4. Enter your individual information to create your unique NPI

5. Register under occupation 18-Pharmacy Service Providers

9. WHERE SHOULD I FIND HELP FOR MYSELF OR OTHERS SUFFERING WITH THE DISEASE OF ADDICTION?

The Tennessee Pharmacists Recovery Network (TPRN) is provided as a service by the Tennessee Pharmacists Association and with the support of the Tennessee Board of Pharmacy. TPRN provides a program to assist pharmacists and their families in identifying alcohol, drug, or behavioral medical problems which pose a potential threat to that pharmacist, the family, or patients.

TPRN and its committee will work to identify and facilitate acute treatment and to provide long term support for the pharmacist practitioner to return to a productive place within the profession. While the program provides no direct counseling, treatment, or after-care services, it does support and endorse the development of self-help groups at the local level.

Costs of these services are solely the responsibility of the pharmacists seeking help. For more information, please contact Baeteena Black, TPRN Program Director, at **bblack@tnpharm.org** or 615-256-3023, ext. 2100.

10. HOW CAN I MAKE SURE I AM RECEIVING IMPORTANT INFORMATION ABOUT CHANGES TO THE PHARMACY PROFESSION IN TENNESSEE?

TPA routinely provides legislative, healthcare-related, regulatory and other notices as a benefit of membership.

By updating your e-mail address to a non-student e-mail address through the "Update Your Profile" link in the TPA Member Center, you can be sure that you are receiving TPA e-mail.

If you've provided your non-student e-mail address and are still not receiving e-mail from TPA, check out **"Why Am I Not Getting Email from TPA?"** on the following page.

- Also, once you obtain your Tennessee pharmacist license number, please add it to your profile.

"Why Am I Not Getting Email from TPA?"

Rarely does a week go by that TPA doesn't email members with information you might not see anywhere else. If you're not receiving email from TPA, let us help you! If none of the following suggestions works for you, or if you're not sure how to try them, please **give us a call at 615-256-3023, and let us help you personally.**

- Make sure we have your **correct email address**. Please send your current email address to tpa@tnpharm.org or call us at 615-256-3023.
- Check your Spam or Junk folder, and if you find our messages there, add the **tnpharm.org** domain to your "**Whitelist**" (also called an "Approved Sender" or "Safe Sender" list). Instructions for several email services and platforms can be found at **www.whatcounts.com/how-to-whitelist-emails**.
- Add **communications@tnpharm.org** to your Contact list or Address Book.
- If you're using **Gmail**, see if TPA's messages are going under your Promotions or Social tab. If so, left-click and hold one of the misfiled TPA messages, drag it over to the Primary tab, and release the mouse button. After it is dropped, click Yes when asked if you wish to make the change permanent.
- If you're using **corporate or university email**, an internal firewall may be prohibiting TPA's messages from being delivered to you. Your server administrator or IT department may be able to help you.
