SB1780/HB1853 **LABOR LAW: Work authorization status of new hires verified through E-Verify.**

Sponsors: Sen. Lundberg, Jon , Rep. Boyd, Clark
Summary: Lowers the threshold for employers having to verify work authorization status of new hires through E-Verify from those with 50 or more employees to those with 25 or more employees. Requires the office of employment verification assistance to offer, at no charge, E-Verify sign ups and work authorization status checks for employers with less than 50 employees. Specifies that an employer is not in violation of the Tennessee Lawful Employment Act if the employer acts upon false results generated by the E-Verify program concerning an employee's work authorization status. Prohibits certain wrongful or retaliatory discharge or discrimination actions by employees who are not authorized to work in the US under federal immigration laws when the employer is unaware that the employee is not authorized to work in the US. Prohibits certain rehires.
Amendment Summary: Senate Commerce & Labor Committee amendment 1, House amendment 1 (013765) revises the present law provision that requires an employer to maintain, for employees, a record of any results generated by the E-Verify program for that particular employee to instead require an employer to maintain an E-Verify case result for each employee that visibly shows that the employee is authorized to work, whether on the E-Verify Quick Audit Report, the E-Verify User Audit Report, or the individual employee E-Verify case verification result. This amendment provides that the E-Verify case result must be visible showing the work authorization status. Senate Commerce & Labor Committee amendment 1 (014571) requires, on or after January 1, 2023, employers with 35 or more employees to enroll in the E-Verify program. Establishes that no employee has a civil cause of action for alleging wrongful or retaliatory discharge against their employer if: the employee is not authorized to work in the United States under federal immigration laws; and the employer was not aware that the employee was not authorized to work in the United States under federal immigration laws. Furthermore, establishes that any discharge of an employee due to results produced by positive results of the E-Verify program cannot provide a cause of action for discrimination based on national origin. Requires the Office of Employment Verification to enroll any employer in the E-Verify program, at no charge, if such employer has less than 35 full-time equivalent employees. Requires employers to maintain an E-Verify case result for each employee that shows that the employee is authorized to work, whether on the E-Verify Quick Audit Report, the E-Verify User Audit Report, or the individual employee E-Verify case verification result. Requires the E-Verify case result to be visible showing the work authorization status.

SB2458/HB2661 **INSURANCE HEALTH: Appeal by pharmacy of cost of particular drug or device on maximum allowable cost list.**

Sponsors: Sen. McNally, Randy , Rep. Sexton, Cameron
Summary: Increases from three to four business days the amount of time a pharmacy benefits manager or covered entity has to adjust the maximum allowable cost of a drug or medical product or device to which the maximum allowable cost applies for all similar pharmacies in the network for claims submitted in the next payment cycle after an appealing pharmacy's appeal is determined to be valid by the pharmacy benefits manager or covered entity. Broadly captioned.
Amendment Summary: House Insurance Committee amendment 1 (014713) prohibits pharmacy benefits managers (PBM) from listing a pharmaceutical product on a maximum allowable cost list unless the product is generally available in the state or is determined to be obsolete. Requires PBMs to provide access to its updated maximum allowable cost list to each pharmacy that is subject to the list. Requires a PBM to provide reasonable appeal procedures to allow a pharmacy to challenge maximum allowable costs and reimbursements for pharmaceutical products on the maximum allowable cost list. Prohibits a PBM from reimbursing a pharmacy or pharmacist an amount less than the amount reimbursed to a PBM affiliate for providing the same pharmaceutical product. Allows a pharmacy or pharmacist to decline providing a pharmaceutical product to a patient or PBM if the maximum allowable cost list results in the pharmacy or pharmacist being paid less than the acquisition cost of that product. Prohibits a PBM from paying a pharmacy dispensing a pharmaceutical product at a rate less than the amount paid by the Division of TennCare programs or from charging or collecting any form of remuneration that passes from a pharmacy to the PBM. Authorizes a PBM to establish a preferred and non-preferred network of pharmacies but prohibits the PBM from banning a pharmacy from participating in either network, so long as the pharmacy is licensed by the state and federal government. Authorizes the commissioner of the Department of Commerce and Insurance (DCI) to promulgate rules to effectuate the appeals process, and if the commissioner of DCI does not institute an external appeals process, the expenses associated with external appeals must be paid from DCI's existing resources. States that a PBM or cover entity who fails to submit to the DCI Commissioner for approval is subject to sanctions. Senate Commerce & Labor Committee amendment 1 (015804) states that a pharmacy benefits manager (PBM) may reimburse a contracted pharmacy for a prescription drug or device an amount that is less than the actual cost to that pharmacy if the PBM establishes a clear defined process through which a contracted pharmacy may contest that the reimbursement received was less than the actual cost. States that if a PBM contests the actual cost incurred by the pharmacy, the pharmacy has the right to designate a pharmacy services administrative organization (PSAO) or other agent to handle its appeal. Requires a PBM to reimburse the pharmacy at least the actual cost for the drug or device if the pharmacy prevails in the appeal. Requires a PBM to pay a dispensing fee not less than the amount paid by TennCare.

SB2572/HB2465 **HEALTH CARE: Use of opioid antagonists for drug-related overdoses.**

Sponsors: Sen. Crowe, Rusty , Rep. Leatherwood, Tom
Summary: Authorizes a healthcare prescriber to prescribe an opioid antagonist for purposes related to the potential for drug-related overdose, not just opioid-related overdose. Redefines "opioid antagonist" to mean a formulation of naloxone hydrochloride or another similarly acting and equally safe drug approved by the United States food and drug administration for the treatment of a drug-related overdose. Allows certain government and non-governmental entities to prescribe and store an opioid antagonist for the purpose of providing the antagonist to a person at-risk of overdose or likely to assist a person experiencing overdose. Specifies if an organization, municipal entity, or county entity does not have access to a healthcare practitioner to issue a standing order for a prescription for an opioid antagonist then the state medical director in the department of health may issue a standing order to such entity.
Amendment Summary: Senate amendment 1 (013823) authorizes healthcare prescribers to prescribe an opioid antagonist or similarly acting drug to an organization, or municipal or county entity that may be in a position to assist an individual at risk of experiencing a drug-related overdose. Expands the definitions of a drug-related overdose and opioid antagonist. Deletes provision requiring a health care prescriber establish good faith for prescribing a drug antagonist by requiring a written communication from the person to whom the prescription is issued. Specifies civil immunity for persons administering an antagonist.
